RAPUNZEL'S RESCUE

Can you help the prince reach Rapunzel? Draw a path from the prince to the princess by counting from 1 to 20.

FEATURES OF CASTLES
gatehouse

A strong fortification above a main gate leading into a castle. Gatehouses were very large and were able to house a standing guard. They were a strong defence of the castle.

FEATURES OF CASTLES
drawbridge

A drawbridge is a wooden bridge across a moat or pit that can be raised or lowered making crossing impossible. The purpose of a drawbridge was to prevent easy entry into a castle.

FEATURES OF CASTLES
turret

A castle turret is a small tower rising above and resting on one of the main towers, usually used as a lookout point.

tower

Towers of medieval castles were usually made of stone. Towers often included battlements and arrow loops. Arrows were fired from the wall when archers from the inside shot across through the battlements.
