

Roar like a Tiger

Wear it Wild

Instructions

- Print out your mask template
- Stick the template to some card, the back of an old cereal box works well
- Cut around your mask remembering to cut out the eye holes
- Punch holes where the green circles are marked and add some string or elastic to keep your mask in place
- Either wear your tiger mask straight away or decorate it with recycled fabric and paper to make it individual and fun!
- Why not add whiskers with pipe cleaners or curly paper?
- Let us hear you roar!
