

OUR 'BIG IDEA': LONG AGO

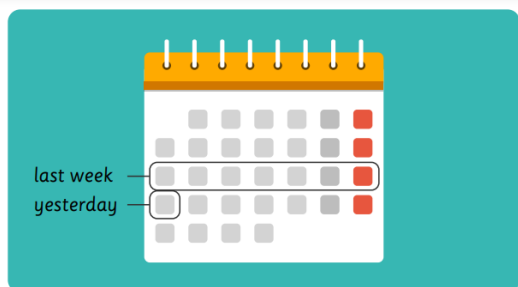

Do you know?

The past is made of events that have already happened.

Memories are things we remember from the past.

We use words to describe the passing of time, like yesterday, last week, last year and long ago.

All families are unique. They can be of different sizes and have different values, beliefs and traditions. Our families give us our heritage.

Scientists, called palaeontologists, study the fossils of dinosaurs and other prehistoric animals.

Enquiry Questions

What happened today/yesterday?

What is happening tomorrow?

How have we changed?

What does extinct mean?

What is a museum?

What does a Palaeontologist do?

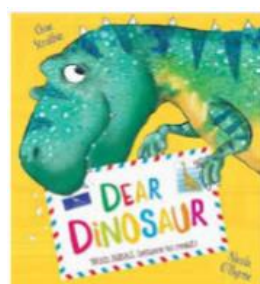

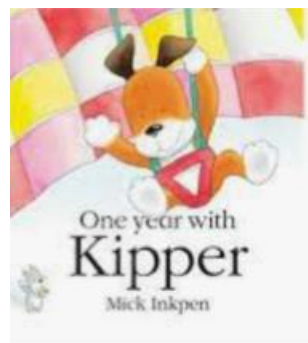

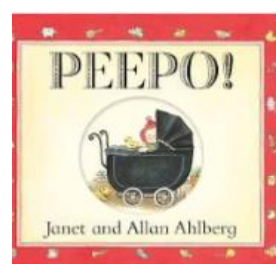

Who is Mary Anning?

What stories were told hundreds of years ago?

What is a ruin?

How are castles different from where we live?

Some of the key texts we will be sharing...
