

# A SUPER SPORTY WEEK at KPNS!

We love Sports Week, and this year has been incredible! The children have had so many wonderful and valuable experiences and have been exposed to a huge variety of sports and activities from netball, cricket, rugby and football to swimming, multi-sports and dance. The week kicked off with a special assembly from Nottingham Trent Cricket Club and later in the week the children enjoyed taking part in wheelchair basketball- a truly great experience for all!

We finished off the week with a super sports day. In the morning the Year 6 children ran potted sports for all the children to enjoy and in the afternoon, we held races to satisfy those who are budding athletes and enjoy sport with a competitive edge. As always, Miss Robinson- our dedicated coach- put on the BEST week for all the children to enjoy. A special thank you to her and all the providers who came to

work with our children, your time means so much and it is greatly appreciated!

## Amazing Artists in Year 6!

In Year 6 the children have been completing an art unit during their 'Identity topic'. They have studied artist, Frida Kahlo, and then created their own self-portraits in the same style.

They learnt all about Frida Kahlo's life and looked at examples of her work. She was a surrealist artist, meaning that there were certain things about her portraits that she exaggerated. She is famous for painting herself with larger eyebrows and also adding facial hair. The children practised techniques for drawing facial features before copying a photograph of Frida Kahlo. They then used a photograph of themselves to help create their own self-portrait in which they exaggerated one feature. The final touch was to create a collage of their favourite things for the background using digital art. They were amazing!
